INDOOR/OUTDOOR GAMES: BEAT THE DC HEAT WHILE KEEPING ENERGY HIGH

Summer events in the DC metro area require flexibility as weather can shift from blazing heat to sudden storms. Our game rental collection bridges indoor and outdoor venues seamlessly—from giant Jenga and oversized Connect Four that work equally well in hotel ballrooms or outdoor pavilions, to our inflatable archery and dart games that create excitement without weather worries. Corporate team-building events particularly benefit from our 12-foot tabletop shuffleboard and custom putting greens that can be set up in any climate-controlled space. When planning summer events, consider games that engage without exhausting your guests in DC's notorious humidity.

MONUMENTAL PUTT PUTT

Uniquely DC has created an interactive event that exclusively features the distinctive and historical monuments of our area. Each of the six Putt-Putt mini golf holes is set to be both challenging and visually dynamic.

Each layout is big. Approximately 25' long. Each monument feature is designed to putt through, around, or under.
